## 11. Summary

Mission and Plan

To further the PP mission against Albania by means of clandestine radio broadcasts of a propaganda nature.

Summary

1. The clandestine radio located near Athens maintained a regular broadcast schedule during July. The radio broadcasts on the 43, 46, and 47 meter bands four times daily with two to three repeats of each transmission. The program is changed every other day.
2. The field has deferred Headquarters' suggestion that greater use be made of lower broadcasting frequencies until next fall when propagation conditions permit. It is hoped to reach an official audience by the use of these frequencies when it is difficult to reach the target area with too higher frequencies.
3. Refugee interrogated recently stated that the Voice of Free Albania is clear and well known in the target area of Albania.
